Entry Fee: £80 for mares with SPSS passports or already registered/overstamped by the SPSS
£105 for all others (this includes the necessary non-refundable £25 initial registration fee)

¹ The SPSS Rules can be downloaded from the website - www.sportpony.org.uk/info.shtml#Rules

IMPORTANT NOTES

Equine Influenza Vaccinations. No mare may take part in an in-person SPSS Mare Grading unless she abides by the Futurity/venue's rules which we anticipate will be that she has to have a current vaccination against Equine Influenza which complies with the following conditions: This also applies to any equines travelling with them excluding foals at foot. The mandatory conditions are:

- Two injections for primary vaccination, not less than 21 days and not more than 92 days apart, are required;
- A first booster injection must be given within seven months after the second injection of primary vaccination;
- Subsequent booster injections must be given at intervals of not more than one year, commencing after the first booster injection;
- The most recent booster injection must have been given within the six calendar months prior to the horse arriving at the event but not within the 7 days immediately before the event.

The Record of Vaccination(s) in the mare's passport must have been completed by a veterinary surgeon and signed & stamped line by line. Passports must be presented to the SPSS before unloading.

Membership. Only members can enter a pony for grading. If you are not a member then you will need to join (or rejoin if a lapsed member). Membership forms can be found on our website www.sportpony.org.uk "Membership" page.

Height. The height limit for SPSS grading is 158cm & mares on or close to the height limit may be required to provide proof of height. Should a mare prove to be over the height limit at any time after grading then SPSS graded status will be withdrawn and the entry and other fees will not be refunded. Hence, it is recommended that mares on or near the height limit or from horse bloodlines are not presented until at mature height.

DNA samples. Any mare that is successful at the grading will be expected to provide a DNA hair sample to the SPSS (this will normally be done on the day). A fee of £50 will be charged in the event of a parentage test being required at any time for either the mare or any of her progeny.

Futurity. Young mares (aged 2 or 3) and foals at foot that are also be entered for Futurity Evaluation will be inspected for SPSS Grading at the same time. Older barren mares will be given their own time slot by the Futurity organisers.

Withdrawals. Withdrawals before the closing date will have their entry fee either refunded or the entry can be carried forward to another date/venue (including in another year). Withdrawals after the closing date will only be refunded if the place can be filled from the waiting list but the entry can be carried forward once to another date/venue (including in another year). Note that any registration (overstamping) and membership fees paid will neither be refunded nor carried forward.

More information. There is more information including a downloadable information sheet on our website.
